How you heard about us and promotional activity

Friend

Unless otherwise stated below, I permit UNSW Study Abroad & Exchange to pass on my email address to other exchange students for the purpose of the exchange program. I understand that UNSW Study Abroad & Exchange will not pass on my contact information for any other reason without my permission.

email-reuse consent provided

Student declaration

Prior to submitting this application for Student Exchange, you agree you have completed the Student Exchange Moodle tutorial, used the Endeavour Exchange Database and spoken with Student Advisers. I understand that and agree to the following:

- ☒ 1. The application fee for the UNSW Student Exchange Program is non-refundable.
- However, students enrolled in the following degrees only are not required to pay the application fee:
- Undergraduate Engineering.
 - Bachelor of International Studies (BInSt).
 - Bachelor of International Studies/Bachelor of Laws (only applicants who are undertaking an exchange as part of the BInSt are exempt from this fee).
 - Bachelor of International Studies/Bachelor of Media (only applicants who are undertaking an exchange as part of the BInSt are exempt from this fee).
 - Bachelor of Commerce International.
 - Bachelor of Science International.
- ☒ 2. The information given to me by UNSW Exchange staff regarding my preferences is accurate at the time but may be subject to change. UNSW Exchange staff will inform all applicants to the best of their ability if and when pertinent information changes occur;
- ☒ 3. There are two stages of the Student Exchange application process. First, where UNSW's Exchange Committee will assess my suitability for exchange and nominate me to a partner university. Second, where my application will be assessed by the partner university;
- ☒ 4. If the Exchange Committee feels that my application does not meet applicable published criteria, my application for exchange may be refused;
- ☒ 5. I agree that I have completed the online Exchange Tutorial in Moodle and read Exchange eligibility criteria, useful information and resources;
- ☒ 6. While UNSW Study Abroad and Exchange will endeavour to nominate me to my first preference, this is not always possible and I may be nominated to one of my other preferences. I have researched all six preferred exchange partners and am willing to be nominated to any one of my six choices. In some cases, I may not be nominated for any of those preferences due to demand, restrictions at those partners, and relevant academic issues. In such cases, UNSW Study Abroad and Exchange will contact me regarding redirection to another viable exchange partner option;
- ☒ 7. I have consulted the relevant exchange adviser about my six preferences or if I have chosen not to do so, I understand that I run the risk of not meeting the requirements for the partner university and having my application redirected or rejected;
- ☒ 8. After nomination, the Exchange team will send me details on the application process for my host university. Once I have applied to the host university, I understand that they have the right to reject my application, or in some cases redirect my application to other campuses, at any time;
- ☒ 9. Due to differences in academic years between UNSW and most exchange partner universities, I understand that I may not know the final response from the partner until the end of the UNSW term before departing for exchange;
- ☒ 10. I have been advised to delay payment for flights and tickets until my acceptance is confirmed by the partner university and I should not plan to travel immediately after the end of the UNSW session prior to my exchange start session;
- ☒ 11. I have checked my study program requirements at UNSW, and at my six listed preferences. I understand that some flexibility is necessary in my study plans, as some courses offered at the time of application at the partner university may change in the time between application and actual study overseas;
- ☒ 12. I acknowledge I have undertaken an academic progression check with my UNSW Faculty/ies and I am aware of the number of courses needed to complete my degree on my return from exchange. I understand that if I go on exchange in T1 and T2 that I can only transfer back 24 units of credit (UOC). I will therefore only complete 42 UOC over the year instead of the standard 48UOC. I understand I may need to catch up on a course before or after my exchange;

- ☒ 13. In addition to clause 11 above, if I am an international student, I understand I must complete my degree within my confirmation of enrolment (COE) dates. I have checked my UNSW program requirements with my UNSW Faculty/ies and I have an approved study plan that allows me to graduate on time;
- ☒ 14. I have checked the start and end dates at each of my preferences and unless I am graduating at the end of my exchange, I am aware of which term I need to return to enrol at UNSW;
- ☒ 15. By the time I go on exchange, I will still have at least 18 UOC left in my degree and all courses taken on exchange can be credited back to my UNSW degree up to a maximum of 24 UOC per exchange period;
- ☒ 16. I agree to allow the UNSW Study Abroad and Exchange Office to share my contact details and email address with the partner university and other participants on the exchange program. I understand that this information will only be provided to other participants on the program to maintain contact and social and collegial support. I agree that should I receive any information regarding other participants in the program, that I will only use this for purposes related to the program;
- ☒ 17. I am required to maintain my academic standing after my nomination;
- ☒ 18. The UNSW travel insurance policy may cover me while undertaking studies on exchange. I have checked the insurance information available on the UNSW Finance website and if I do not consider it to be adequate for my personal needs I have been recommended to take out my own private insurance providing me with full insurance coverage. I understand that if the partner university has compulsory health insurance, I am responsible for paying this cost, even if I am covered by UNSW insurance;
- ☒ 19. It is a condition of the exchange that I am bound to return to UNSW to complete any relevant degree requirements, and I will not attempt to transfer my studies to the partner university while on exchange. I also understand that I will not receive a degree from the partner university;
- ☒ 20. If I will be studying in a foreign language, I can demonstrate language proficiency for all six preferred exchange partners. (Please talk to your exchange advisor about your language level and partner university requirements.)

Student consent

I declare that the information supplied by me in this application is true and complete. I have read and fully accept the above conditions relating to the operations of the UNSW Student Exchange Program.

This printout is just a verification for your own records of your online application. You are not required to sign or send this printout to us, but if there is anything amiss with this information, please inform us as soon as possible to ensure correct processing.

application status	submitted
name	Keegan Gyoery
date	Sunday 5 May 2019

For your application to be considered complete, you will have to take the pre-filled **cover sheet** and the documents in the **Other forms** section below to UNSW Study Abroad & Exchange.

Supporting materials that have been uploaded

academic transcript	<input checked="" type="checkbox"/>	myUNSW academic statement (no need to be stamped by Student Central)
photo	<input checked="" type="checkbox"/>	Passport-quality photo of your face.
passport ID page	<input checked="" type="checkbox"/>	ID page of your passport.
language qualifications	<input type="checkbox"/>	Foreign-language proficiency test results
application fee receipt	<input checked="" type="checkbox"/>	Unless exempt; see the declarations above for information).

Other documentation to present with this application
